July 7th - 1904

Dear Harry.

We got off Jesterday in the 11.50 train. Did not see your father. and Mamie feared he might have had some thing for us to take down. We reached Cape May on Time and Maggie met us on the station. and we were soon here. Both Mamie and I wish to congratulate you. Helen looks splendidly - we do not think she ever looked better and Joseph seems as hardy as a pine knot - going from morning to night. I hope we will reform in the matter of getting up bus - the first morning we must expect a little excitement in the children. Helen has given us a lovely room third story front and if we are not comfortable cannot be to any where - I asked Joseph if he had any thing to send for and he said Tell him I am a good boy, but I could not get him to send you a kiss

without directly suggesting it, and there is nothing in that. We had a long walk in the board walk last night down to New Cape May. It seems to me they have a big job on hand. and do not think they are going about it right, but that is a rank out-sider's opinion. The morning is perfect- clear and cool, and we are certainly blessed so far as that way. With love to you Father and Sis and hoping the sale will be a great success believe me

Very sincerely Yours

Samuel Bradbury Jr

Helen says the only thing she want you to bring down is a roast beef. she has provided every thing else. These instructions are positive and admit of change-
